

CubicSecure

Detects and actively stops **water leaks** from causing property damage by triggering an **automatic** water supply **shut-off**

Measures **flow**, to increase awareness

When used in conjunction with the CubicDetector, leaks can also trigger an **automatic** water supply **shut-off**

Technical specifications

Model number:	LTCS01
Weight:	720 grams
Size (L x W x H) in mm:	110 x 71 x 85
Water temperature:	0.01°C to 70°C
Environmental:	Indoor use
Pressure:	PN10
Kvs:	4,6 m ³ /h
Nominal flow rate Q ₃ :	4 000 l/h
Starting flow rate:	6 l/h
Connectivity:	2.4GHz Wi-Fi, (802.11bgn)
Cloud data resolution:	60 min
Warranty:	2 years
Power source:	5 V Micro-USB (included)
Micro-leakage:	> 0.01 l/h
Medium leak:	> 6 l/h for at least 45 min
Large leak:	> 1500 l/h for at least 1 min

2x plain adapters included for a streamlined installation
